## Economy in Barbed Wire!

"You Pays Your Money and Takes Your Choice."

A certain man made two fences of 100 rods each of "cattle" barbed wire. In the first fence he used what he supposed was cheap wire at 4 1/2 cents per pound. In the second he put "Glidden" at 4 1/2 cents. The bars in the first fence are 42 in number, 3 1/2 inches long and weigh 4 1/2 oz per rod or 25 7/16 pound per 100 rods, which is a fair average of bars on nearly all wires. In the second fence he puts "Glidden" wire with the same number of bars that are 1 15-16 inches long and weigh 1 1/2 oz per rod or 8 1/2 pounds per 100 rods. A net saving in Barbs alone of 16 11-16 pounds in favor of the "Glidden" Which is the cheapest? For sale by

**FRENCH & JOHNSTON,**

**GEO. W. YOUNG & CO.,**  
OLDEST HARDWARE HOUSE

DEALERS IN

**STPLE AND FANCY DRY GOODS,**

Jewelry, Books, Stationery and School Supplies,

PHILLIPSBURG, KANSAS

**Senator Plumb**

Illwatha World.  
The term of Senator Plumb will expire on the fourth of next March. Our legislature will meet in January and every republican member will vote for senator Plumb, thus re-electing him by a very large majority. His campaign for that election is going on now. And every senatorial convention held in the state—and all but three or four have been held—has instructed its candidate for state senator to vote for the re-election of Senator Plumb. This instruction, to all the counties, carries with it the instruction of the candidates for the house of representatives. Thus we see, in effect, a senator re-elected before his term expires and without the lifting of a finger by himself to secure the result. And the re-election would come with the same unanimity had no instructions been voted.

Preston B. Plumb has done the state great service and his labors are fully appreciated by the people of Kansas. His career began with the beginning of Kansas, first as an editor, then as a soldier, then as a member of the legislature and speaker of the house, and finally, in a natural ascent, to his present high position. The United States senate is a body of distinguished men, but even in that assemblage, Plumb is a giant. No other man there has his versatility, his great intellectual range over the whole field of public questions. Plumb is the companion and peer of the men with the biggest brain, not in the senate only but in the United States. If he aspired only to money-making and social distinction, he would be another and a stronger Channey M. Depew and receive a hundred thousand a year for his services. But Plumb's mind, purpose, ambition, has always been in the direction of public affairs; in political leadership. He handles great public affairs and questions, and large business transactions with coolness and ease, receiving the intellectual gratification that comes to kingly men. He has not a spark of the vanity and pride that go with small natures. He would as soon eat dinner at a lunch counter as in a palace, and would talk as freely and learn more from the people on the counter stools than from the bedizened palatial guests.

Senator Plumb suits Kansas exactly because he is Kansas embodied. He came here a poor printer and a hard worker. He has had ups and downs without whimpering and has always pushed ahead with amazing energy. His legs are as impetuous and tireless as his brain, and the Kansas farmer and soldier who goes to Washington to visit the departments is hopelessly stranded before the journey is half over in trying to follow Plumb. And the senator who tries, half an hour afterwards to follow the lightning talker and reasoner in the senate chamber comes to a like hopeless defeat and standstill.

Kansas will keep Plumb in the senate as long as he will stay there. The only man who can beat us is Ben Harrison, of Indiana. If he makes Plumb the Secretary of the Treasury we will be glad as citizens of the nation but shall sorely regret it as citizens of Kansas.

Interesting Railroad Figures.

Here are a few figures concerning railroads in the United States that will be worth preserving. There are at the present time 150,600 miles of railway in this country, about half the mileage of the world, and built at a cost of \$9,000,000,000. They give employment to more than 1,000,000 people. The fastest time made by a train is said to have been ninety miles in 92 minutes, on the Philadelphia & Reading road, one mile having been run in forty-six seconds. A first-class eight wheel passenger engine costs \$8,500. The Santa Fe is the largest single system, 8,000 miles. A palace sleeping car costs from \$15,000 to \$17,000. Peter

the first locomotive.  
The number of people killed in railroad accidents averages one in 10,000 of the number who travel.

Justices blanks for sale at the Herald office.

**The Chicago, Kansas & Nebraska R. R. Finished to Colorado Springs**

The Horton Register of Oct. 9 says: The Rock Island and C. K. & N. officials left Horton this morning for Colorado Springs to be present at the completion of the C. K. & N. at that point. The special from Chicago contained President and Mrs. Cable and daughter, and Mrs. C's sister, Miss Buford. They were joined at St. Joseph by Passenger and Ticket Agent Sabastian, and they were joined at Horton by General Manager Parker, General Freight Agent Atwood, General Superintendent Allen, President Lowe and General Road Master Newton. Engineer Ames, with his 17 spot, and in charge of Conductor Scott, pulled out of the union depot at 10:15, in specials 300 and 100, and the party is expected to arrive in Colorado Springs the morning of the 10th within a few minutes after the last rail is laid.

TOPEKA, October 11.—[Special.]—A number of the Rock Island officials, including President Cable of Chicago, M. A. Lowe of the Chicago Kansas & Nebraska, and other officials of the Kansas line, returned from a tour of inspection over the western extension at noon to-day. From Mr. Lowe your correspondent learns that the line of the C. K. & N. will be completed to Colorado Springs tomorrow, and that some local trains will be put on at once. Regular passenger trains will run into Colorado Springs and Denver, beginning on the 11th of November. These will be solid vestibule trains from Chicago, making regular connections at Kansas City and St. Joseph, and will be the finest and best equipped trains in the West.

Mr. Lowe says the new road bed to Colorado Springs, although not yet having been used except by construction trains, is in first-class shape, and that the special, bearing the officers on this trip, made as high as forty miles an hour.

The Rock Island route announces a number of harvest excursions at half rates to points west, northwest and southwest from Chicago. There is one yet to be given on October 23. The "Great Rock Island" has an excellent reputation with tourists and land seekers for the accommodations which it affords and the courteous treatment which it gives, and General Ticket and Passenger Agent Holbrook continues to maintain the good standing with the public which his predecessor had built up.

**REPUBLICAN MEETINGS**

The Republican County Central Committee have arranged for Republican Meetings at the following times and places:

Greenwood—Plummer School H., Oct. 20th.  
Plum—Agra, Turner Hall, Oct. 20.  
Glenwood—Crow School House, Oct. 22nd.  
Deer Creek—Lee School House, Oct. 26th.  
Long Island—Long Island, Oct. 27.  
Salmon—Marvin, Oct. 30th.  
Towanda—Red Stone School House Oct. 30th.  
Arcade—Barker School House, November 1st.  
Beaver—Palmer School House, November 3rd.  
Bow Creek—Hebrew School House, Nov. 5th.

Meetings will commence at 7 o'clock p. m. Good speakers will be present.

Let every voter turn out and hear the political issues discussed from a Republican stand point.

Wm. H. SEYDLICK, Chairman.

F. F. KORNS, Secretary.

A CURE FOR DIARRHEA.—Mr. J. A. Burnison, of Colburg, Montgomery Co., Ia., has found out how he can cure any case of diarrhea. Two of his children had Diarrhoea, for about six weeks he tried four different kinds of Patent Medicines without benefit, but he finally got hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy which he gave them, and they were cured. He is confident it will cure any case when the plainly printed directions are followed.—Sold by S. S. Fisher & Co.

The issue in New York is: Shall the people control the saloons or shall the saloons control the people? The republicans assert the former and the democrats the latter.—Catcher City Times.

**Eloquent Bob Ingersoll.**

In closing his address in New York City on memorial day, Robt. G. Ingersoll used these words: "A vision of the future arises. I see our country filled with happy homes, with firesides of content—the foremost land of the earth. I see a world where thrones have crumbled and where the kings are dust. The aristocracy of idleness has perished from the earth. I see a world without a slave. Man at last is free. Nature's forces have by science been enslaved. Lightning and light, wind and wave, frost and flame, and all these secret subtle powers of the earth and air are the tireless toilers of the human race. I see a world at peace, adorned with every art with music's myriad voices thrilled, while lips are rich with words of love and truth; a world in which no exile sighs, no prisoner mourns, where work and worth go hand in hand, where the poor girl trying to win bread with the needle, the needle that has been called 'the asp for the breast of the poor,' is not driven to the desperate choice of crime or death of suicide or shame. I see a world without the beggar's outstretched palm, the misers heartless, stony stare, the pitious wail of want, the livid lips of lies, the cruel eyes of scorn. I see a race without disease of flesh or brain, shapely and fair—the married harmony of form and function. As I look, life lengthens, joy deepens, love canopies the earth; and over all, in the great dome, shines the eternal star of human hope."

Logan Items.

The following items we glean from the Logan Freeman and Republican: Hon. Webb McNeil speaks at Logan the 20th.

Mrs. D. G. Hoover has been very sick for several days past.

W. J. Hopper has gone to Hot Springs, Arkansas, at which place he will remain for some time.

Mr. I. E. Griffin and family started on Tuesday for southern Missouri, where they will reside in future.

Senator Plumb will speak at Logan some time between the 20th and 30th of this month, unless recalled to Washington before that date.

Elmer Dye, Guy Robinson, Chas. Graham and Will Wilkinson started Monday on an extended hunting tour. They went north and expect to be gone several weeks. They have a fine rig and are well armed.

Elizabeth Hansen, aged 5 years, fell from a horse on Monday and broke her arm. It has not been set as the doctor thinks it is too much swollen. She is a daughter of John Hansen of Belmont township.

Produce here brings the following prices: Corn, 20 cents; oats, 20 cents; rye, 30 cents; eggs, 10 cents; butter, 9 cents; Cattle \$2. to \$2.50; wheat, 60 to 70 cents; new potatoes, 50 cents; young chickens, \$1.25; hogs, \$5.00 to \$5.25 per hundred.

Mrs. Thos. Powers received a very threatening letter Tuesday, in which her husband was warned that he had better leave town as he was suspected of setting the fire that occurred in our city last week. Mrs. Powers wishes to state that she and Mr. Powers were in bed by eight o'clock and were awakened by the light of the fire shining in at the window of their house.

The latest postal laws are such that newspaper publishers can have arrested for fraud any one who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run for some time unpaid, and then orders it discontinued, or orders the postmaster to mark it "refused" and to send a postal card notifying the publishers, lays himself liable to arrest and fine, the same as for theft.—Exchange.

WORSE THAN A FIRE ALARM.  
One of the most dreadful alarms that can be sounded in a mother's ears is produced by croup: dreadful, because it is known to be dangerous; the more dreadful because the life of a loved one is in jeopardy. Chamberlain's Cough Remedy is a never failing safeguard against this dangerous disease. Its reputation as a preventive and cure of croup is fully and firmly established. In fact, it is the only remedy that can always be relied upon. Sold by S. S. Fisher & Co.
